

# Your Lib Dem team's Record of Action

## 1 Kept Council Tax low

Stratford-on-Avon District Council has the 18<sup>th</sup> lowest District Council tax in the country. We have fought to maintain and improve council services while keeping value for money for our residents.

## 2 More local infrastructure

We secured funding for Fenny Compton playground and pavilion, helped to secure new lights for Napton Sports Ground and increased police presence in Bishop's Itchington.

## 3 Ensuring we have a local voice

We attend Parish Councils, we have responded to 560 planning applications, and have fought for a South Warwickshire Unitary Authority to make sure local decisions remain local.

# The Liberal Democrats are WINNING

**The Lib Dems beat the Conservatives here at the last election - and the local Lib Dem team have a proven record of action for our area.**

More and more people are backing the Lib Dems as the best choice to stand up for our area - and to fight for a fair deal.

Labour and the Green Party can't win here.

**Only the Lib Dems are beating the Conservatives and Reform across the UK.**

**The Lib Dems are the party 'most likely to see off Reform UK'**

# JAKE BEAVAN

# JAKE BEAVAN

Our area's local champion

Listen to our village communities | Fighting for better local infrastructure

With just weeks to go until we choose our next councillor, people throughout Bishop's Itchington, Fenny Compton and Napton are throwing their support behind Liberal Democrat Jake Beavan.

Jake lives locally in Napton with his wife Laure and two energetic sons.

He wants to see our local infrastructure improved and our community listened to. He is fighting to make sure our decision-making is kept locally with a South Warwickshire Unitary Council, not from miles away in Nuneaton.

He will strive to continue the great work achieved by Nigel Rock, who stepped down after 20 years of service to our community. He'll work alongside Cllr Natalie Gist to make sure all of our area is properly represented at the District Council.

Working hard all year round

## The Conservative Party have BROKEN PROMISES ...& Reform UK are just the same

For years, the Conservatives took our area for granted.

The Conservatives have criticised Liberal Democrats for being the sort of people who 'help to fix church roofs'. We are proud to be champions of our local communities.

On the other hand, the Reform-run County Council want to close local schools, cut home-to-school transport - which could leave over 1000 local children to walk unsafe

routes on rural roads and have cut £2.5 million from Children and Family Centres.

Meanwhile, the Conservatives are happy to prop them up within the County Council by voting to keep the Reform leader in power.

It's clear - Reform and the Conservatives can't be trusted to fight for our area.

"Leader of Warwickshire Conservative group has defended supporting Reform UK despite knowing "very little" about their plans"

"[Warwickshire] Reform councillors accused of 'rash promises' as council tax rises loom"

The Guardian

"County Council accused of 'hostile takeover' as it pushes case for single Warwickshire authority"

Stratford-upon-Avon HERALD

## A WINNING PARTNERSHIP

Jake Beavan would work with Cllr Natalie Gist to be an effective team for our area.

Due to the size of the Bishop's Itchington, Fenny Compton and Napton ward, it has two councillors to represent it to be able to deal with the many diverse villages that make up the ward.

For this reason, it is important to make sure that your District Councillors work together to be an effective team for the whole of the area.

Nigel Rock and Cllr Natalie Gist have worked effectively together for the

last 3 years, making sure our area has been properly represented.

Cllr Natalie Gist lives in the south of the ward, and Jake Beavan lives in Napton. If Jake is elected he would be able to continue the effective team representation across the Ward as Nigel and Natalie have done to date.

Cllr Natalie Gist and retiring councillor Nigel Rock wholeheartedly endorse Jake Beavan to be the other councillor for our area, in order to make sure every community in our diverse ward is effectively represented.
